Name(s): _____ (Please print)

Telephone: _____

Congratulations. Your tax return is complete and ready to be filed electronically with the IRS. Just one more step before we can submit your return.

The IRS requires that on joint returns both the taxpayer and spouse sign Form 8879, e-file Signature Authorization. The form is attached to the top of your tax return. Please review the forms and tax return with your spouse. The signed Form 8879, Consent Form and this letter should then be returned to our site within 72 hours so that we can transmit your tax return. The tax return will not be transmitted until you return to our site with the signed Form 8879, the Consent Form and this letter.

If you elect to participate in the global carry forward program then the **Consent to Disclose Tax Return Information to VITA/TCE Tax Preparation Sites** must also be signed by your spouse and the form returned with this letter and the other forms.

In addition, AARP requests that **Consent to Disclose/Use Information to the VITA programs Relational Offices** also be signed and returned.

Finally, if you wish to receive information from AARP about its various programs you can sign **Consent for AARP Foundation to use select tax return information to provide you with additional information about other free AARP Foundation programs or services.** Again the form must be returned with the other forms

If you have any questions, please return to this site. We appreciate the opportunity to serve you.
