

FIRE INVESTIGATORS STRIKE FORCE ELECTRICAL ENGINEERS ROLE IN THE FIRE INVESTIGATION

Members \$45.00 per person
Non-members \$65.00 per person

Registration closes May 6, 2018

LOCATION

Northern Illinois University
5555 Trillium Blvd.

Hoffman Estates, IL 60192

Date: May 9, 2018

Time: 8:30 AM to end of presentation

Our seminar speaker, Steven Claxton is a licensed Professional Engineer and a Certified Fire and Explosion Investigator. Mr. Claxton also possesses a HAZWOPER, Safety Unlimited Certificate. He has been a speaker at numerous training conferences and seminars.

Mr. Claxton has been employed by Richard M. Hansen & Associates, Inc./Hansen Engineering Services, Lombard, Illinois, since 2003, where he has provided expertise regarding:

- Engineer consulting services in electrical and forensic engineering
- Investigations of commercial industrial and residential electrical related fire and accidents
- Determination of root cause analysis of equipment performance
- Review and assessment of information including interpretation
- Opinions and applicability of code
- Reconstruction of electrical accidents
- Has been qualified as an expert witness and testified in depositions and arbitrations

Mr. Claxton will provide seminar attendees with a better understanding of the Electrical Engineers role in fire investigations that involved energized electrical systems or devices.
