## ADULT COLOR BELT STRIPE SYSTEM:

Students in the Adult program will earn stripes of their next color rank based on their knowledge of the curriculum and their attendance. This system helps students understand what a reasonable amount of time is to develop an intimate understanding of each part of their curriculum. Once students earn four stripes of their next color belt they are allowed to test at the next available testing.

The table below shows what students need to know and approximately how many classes they need to attend prior to earning each color stripe. Instructors retain the right to promote students more quickly or slowly than described based on a variety of factors including behavior, effort, skill level, and private lessons.
