Eagle Trail Riverwalk:

Michael Tappendorf – Milano & Grunloh Engineering presented an alternative path for the Riverwalk Trail that would veer away from the Embarras River bank at the boat launch and go through the Riverside Cemetery. This option is estimated at \$720,000 and would allow for a single construction season. The State of Illinois was not in favor of some of the wall scenarios that were previously discussed.

This new information will be taken to a committee meeting.

Liquor License Renewal Fee:

Tim Dasenbrock -- Illinois Licensed Beverage Association, Hospitality Industry Representative for Area 51 spoke on behalf of several Newton establishments and requested that the City completely forgive or reduce the liquor license fees to mirror what the County charges. He also stated that the City and County are saturated with liquor licenses. Local establishments are still feeling the sting of reduced numbers that started when COVID hit. As a group they are asking the Liquor Commissioner to keep this in mind when determining the renewal fees for those inside City limits.

Chris Correll, American Legion, said he has tried to call the Mayor several times about this concern.
