

Press Release;

The Pennsylvania Jural Assembly is now looking for new participants. Local County Assemblies, bodies politic, are also assembled such as the Jefferson County Jural Assembly for the people of Jefferson County Pennsylvania. Folk interested in the Pennsylvania Jural Assembly are encouraged to contact our moderator or state secretary;

Our Purpose: The Purpose of the Pennsylvania Jural Assemblies, local, state, and federal assembly is to recreate our Local, State, and Federal level governmental institutions. These institutions that were created many years ago as our “service providers” are presently in Bankruptcy. President Barrack Obama placed the “UNITED STATES” into chapter 7 bankruptcy July of 2015. And in May of 2017, President Donald J. Trump placed the “United States of America” into chapter 11 bankruptcy. We must NOW re-create our governmental institutions from scratch. Are you a Red Pill folk?

We are the Assemblies with the paramount authority of the people, body politic, and operate by the “Law of the Land.” We the People are domiciled on the soil of Pennsylvania being born on the soil of an original colony. It is our responsibility to serve our communities in this effort and it is the Pennsylvania Jural Assembly here now that are the Spearhead of this effort. The Pennsylvania Assembly is established so we can re-create the State of Pennsylvania which also went bankrupt when the Federal government went bankrupt. This Bankruptcy only applies to the so called “Federal” employees or the U.S. citizens. If you were born on the soil of Pennsylvania, you are not and never have been a U.S. citizen except by default, and therefore you must finish your paperwork returning to the soil of your birth State. We can help. Your Freedom is at stake. You will be owned by the Bankers in charge of the bankruptcy, or you will set yourself free. Again, that is one reason why, we, the Assembly are here to help you.

This must be done in order to protect the Land from the Bankers that desire to steal your private properties. Without the Assemblies your Property could be sold to the Bank by assumed liability. If you own a corporation, Beware! If you pay property taxes, Beware!
