

Home

Well the sun rises in my window
Light shines in my eyes
I hear hummingbirds and honeybees
It's so good to be alive

Love to all the living things
That make this house a home
Hooty owls and ladybugs
And a love to call my own

Well the cats are chasing all around
The tea is on the brew
Come inside as the sun goes down
It's so good to be with you

Hail to all the ones we love
That make this house a home
Family and memory
It's oh, so good to be home
