***J. FRANKLYN BOURNE BAR ASSOCIATION, INC.***  
**APPLICATION FOR ELECTED TERM OF OFFICE 2015- 2016**

**Page II**

**Position Statement (Your reason for seeking elected office -150 words or less. Please type or submit an attachment. Where suitable, this statement shall be edited for publication to the JFB membership.)**

Over the years, I have been more than committed to furthering the general and financial goals of the Association and in so doing, I have gained an invaluable amount of insight with respect to the inner workings of the Association.

To be most effective, I believe that Bourne's President should possess a vast level of experience, knowledge, time, energy and motivation. These qualifications will ensure effective leadership of Bourne in the upcoming years. Through my continuous and ongoing involvement with almost every aspect of Bourne, I have gained such experience and knowledge and am ready take my current involvement with Bourne, to the next level. Additionally, with both my girls now off to college, I am able to add additional focus to the Association.

In closing, I believe that my well known energy, motivation and positive "can do" attitude, can only be a continuing asset as I remain supportive of Bourne and its upcoming President and thereafter, hopefully, as I serve as your next President-Elect. To that end, I humbly request your vote.
