George asked Dale about the recreation land at Ken's Lake and the possibility of its being traded by the BLM to State Lands. Dale replied he had talked with Brad Palmer and Jan Parmenter, State Lands, and it is his understanding that State Lands is not interested in the areas which would be utilized for recreation development. His sense of the problem is that if we go ahead and put in facilities for recreation, the State Lands Board would not accept a trade for that land. RECREATION AT KEN'S LAKE

The guaranteed payment for the Moab Irrigation Co was discussed, and Dale stated he would research the figures, and present them at the next meeting. The contract with Moab Irrigation was discussed. Water distribution and re-adjudication throughout the valley was discussed. MOAB IRRIGATION COMPANY

Dale reported he ordered the meter for the tunnel. Their engineers are putting together a specification for a new battery. TUNNEL METER

The measurement at the diversion point was discussed, and Dale stated Walker wants a Parshell Flume to measure the water but the problem is that the water comes back to the creek under pressure. He feels a flume will not work to measure the flow back to the creek. Dale has talked to Mark Page about differnt measuring devices. DIVERSION MEASURING DEVICE

Roberta read the check list and they were discussed. Bill McDougald moved the checks be approved. Dan seconded. MOTION CARRIED. CHECKS APPROVAL
