

One Life!

We get one life, and only one. Once done, that life cannot be undone. What kind of words describe the quality of your life's "workmanship" up to now? Haphazard, slipshod, makeshift? Purposeful, meticulous, thorough? (2 Timothy 2:15). It is vital that we: Study to find the truth; think about the significance and implications of the truth; and act on the basis of the truth.

Jesus warned us to "count the cost" (Lk. 14:25-33) of discipleship. This would involve an equally sober assessment of the cost of non-discipleship. The fact is, it costs much more to refuse discipleship than to accept it. How carefully are we considering this? So far, is your response to Jesus the result of careful consideration and deliberate action? He deserves nothing less.
