

GOGEBIC COUNTY ROAD COMMISSION
2017 HMA Culvert Patch PAVING SERVICES BID

Bid of _____ (hereinafter called "BIDDER"), organized and existing under the laws of the State of _____ doing business as _____*, to the Gogebic County Road Commission (hereinafter called "OWNER").

In compliance with your Advertisement for Bids, BIDDER hereby proposes to perform all work for the construction of 2017 HMA Culvert Patch Paving Services in accordance with the Contract Documents, within the time set forth herein, and at the prices stated below.

1. NOTICE TO BIDDERS

GCRC Bidding Instructions

The intent of the bid is to include all paving projects scheduled for work in Gogebic County. This includes areas of HMA pavement patches over culverts.

Additional projects may be added to the proposal by the road commission as they arise throughout the summer. Negotiated cost will be agreed upon prior to any additional work being completed.

2. DESCRIPTION OF WORK

Machine Grading Mod.

The work shall consist of Machine Grading Modified at various locations in Gogebic County, in accordance with Section 205 of the "2012 Standard Specifications for Construction" as published by the Michigan Department of Transportation (Standard Specifications), except as modified herein.

Machine Grading Modified shall consist of removing aggregate base material at culvert patches to a depth of 3 inches. Remaining aggregate base material shall be graded and compacted. Aggregate base material removed shall be used for shoulder placement after HMA paving is completed and will not be paid for separately. Any excess material shall be hauled off site to a designated area supplied by the road commission (within close proximity of the constructed work). Patches will be saw cut by Road Commission forces prior to patching.

Machine Grading Mod. shall be paid for by the Syd.

Shoulder, CI II, 3 inch

Shall be completed by GCRC personnel after paving is finished.

HMA, LVSP

The work shall consist of Pay Item Number 5010703 – HMA, LVSP as shown in the typical sections. The work shall begin at Station 0+00 and run the entire length of the project. The work shall be completed in accordance with section 501 of the Standard Specifications for Construction. Refer to Special provision for Local Paving Project as attached.

1. For culvert patches (on County Roads) paving – HMA application rate shall be two lifts at 165#/syd each (330# per syd total) paid by tons.

** Any substitute HMA Mix shall be noted in bid. GCRC shall reserve the right to accept or deny the use of substitute mixtures.

Maintaining Traffic, Minor Traf Devices, Traffic Regulator Control, and Signage

Contractor shall be responsible for maintaining traffic during the construction operation. Contractor is responsible to provide proper signage, traffic control devices and traffic regulator to ensure a safe work zone site is established. Specific project requirements are as follows:

***All Culvert Patches shall be constructed under traffic. Contractor to shall provide advance warning signage, minor traffic devices and traffic regulator if needed.

3. PROGRESS CLAUSE

Start work within ten (10) days after receiving notice of award of the contract or on or before the date designated as the starting date in the Detailed Progress Schedule. In no case, shall any work be commenced prior to receipt of formal notice of award by the department.

Completion Dates

a) All culvert patches shall be completed no later than September 30th, 2017

The approved low bidder(s) for the work covered by this proposal will be required to participate in a pre-construction meeting with local agency owner and/or department representatives to work out a detailed progress schedule. The schedule for this meeting will be set within one week after the contract is awarded.

The Gogebic County Road Commission will arrange the time and place for the meeting.

The Progress Schedule shall include, as a minimum, the controlling work items for the completion of the project and the planned dates (or work day for a work day project) that these work items will be controlling operations. When specified in the bidding proposal, the date the project is to be opened to traffic as well as the final project completion date shall also be included in the project schedule.

If the bidding proposal specifies other controlling dates, these shall also be included in the Progress Schedule.

5. METHOD OF MEASUREMENT AND PAYMENT

Measurement and payment shall be on the basis of the measured square yard, load ticket tonnage or lump sum quantities. The contractor shall measure the area with the Road Commission and submit an invoice for agreed quantity upon completion of all work.

6. BID DEADLINE

Sealed bids for the 2017 HMA Culvert Patch Paving Services will be received by the Gogebic County Road Commission, Courthouse Annex, Bessemer, MI 49911 until 10:00 A.M., central time on Monday, August 14th, 2017. All bids shall be publicly opened and read aloud at said office at that time.

7. INSURANCE

The Contractor shall not commence any work until they have obtained and provided a current Certificate of Insurance.

The Contractor shall carry "Public Liability Insurance" coverage to insure the Road Commission against claims arising out of negligence of the Contractor. The insurances shall meet all requirements as shown:

A. WORKERS COMPENSATION INSURANCE

The Contractor shall take out and maintain during the life of this contract, Workman's Compensation insurance for all of his employees employed at the site of the project and in case work is sub-contracted, the Contractor shall require the sub-contractor similarly to provide Workman's compensation insurance for all of the latter employees unless such employees are covered by the protection afforded by the Contractor.
