

Capability Statement

www.superiorgrinding.com

Superior Grinding & Sales, Inc is celebrating 30 years, serving the western United States and beyond. Our long-time employees are efficiently skilled, pay attention to detail and take pride in high quality work. We built our business initially in Industrial Blade and Knife Grinding along with sales of replacement knives. There are many reasons why you should bring your precision grinding and Swiss screw machining work to Superior Grinding and Swiss Machining; our Swiss machines have front and rear ejection capabilities, along with 5 axes, and this means for example we can do part threading on both sides simultaneously. We can buy the material, grind it, machine it, and send it to heat treat, and then finish OD or centerless grind the part. Our Swiss Screw Machine capabilities will allow us to cut costs on many parts that need to be machined and ground.

CAGE: 3CXJ2 | **DUNS:** 609260427 | **Phone:** (801) 487-9700

Core Competencies

- Swiss Machining
- Lathe and CNC Mill
- Centerless Grinding
- Plunge Grinding
- Through Feed Grinding
- Long Bar Grinding
- Bar Straightening
- CNC Universal I.D./O.D. Grinding
- Sunnen ID Hone
- Surface Grinding
- Angle or Surface
- Blade Grinding
- Blanchard Grinding
- Blades, Knives and Dies

Primary NAICS & PSC Codes

- 332710** - Machine Shops
- 332721** - Precision Turned Product Manufacturing
- 333515** - Cutting Tool and Machine Tool Accessory Manufacturing
- 333517** - Machine Tool Manufacturing
- 339112** - Surgical and Medical Instrument Manufacturing
- 3695** - Misc. Special industry Machinery
- J036** - Maint., Repair, & Rebuilding of Equip.-Special Industry Machinery
- J034** - Maint., Repair, & Rebuilding of Equip.-Metalworking Machinery
- J049** - Maint., Repair, & Rebuilding of Equip.-Maint. & Repair Shop Equip.
- 3470** - Machine Shop Sets, Kits, & Outfits
- 5306** - Bolts
- 3426** - Metal Finishing Equip.
