Reduce, Reuse, Recycle

We believe that small steps add up to big change. That belief inspired us to develop our collection of durable, reusable totes made from 80% post-consumer recycled plastic. The Boon Community's passion for our sustainable & stylish bags has saved an estimated 124 billion single-use bags from landfills. Visit our site to see the complete collection, and to learn more about the impact a simple step can make.

Popcorn for Every Palate

Choose from one of four delicious flavors of popcorn, pre-popped and ready to enjoy as-is or to add to a creative concoction, like a mouthwatering popcorn cheesecake. With savory flavors like Cheddar Jalapeño and sweet options like Buttery Caramel, there's something to satisfy everyone. Sold in resealable, gallon-sized bags.

POPCORN CHEESECAKE

- Preheat oven to 325.
- In a large bowl, combine 2 (8 oz) packages of softened cream cheese, 1/2 cup sugar, and 1/2 tsp. vanilla extract and beat with a mixer until blended.
- Add 2 eggs and beat until just blended.
- Pour mixture into a ready-to-use graham cracker crust (6 oz.) and bake for 40 minutes. Let cool before refrigerating for at least 3 hours.
- Before serving, top with our buttery caramel popcorn for a burst of flavor and texture.

Sip Sustainably

We designed each detail of these water bottles with intention, and feel confident that you'll be much more excited to reach for one of these in the cabinet than a plastic one. The dishwasher-safe base is made from glass and covered by a silicone sleeve for added resilience and style, and the bamboo lids lend even more eco-friendly flair.

Market Ready

These lightweight and foldable market totes are best-sellers for a reason - the expandable pure cotton design accommodates a surprising amount of goodies without any of the bulk. Plus, the set of 2 is machine washable, making it easy to keep them looking great for years to come.
