Introduction

We would like to introduce Connecting Our Communities, the Cochise and eastern Santa Cruz County Resource Guide. This guide contains information on a variety of services and programs offered by agencies in Cochise and eastern Santa Cruz to assist and serve our growing populations. In addition, sections have been added to the guide that are meant to assist those providing services and outreach within these communities.

Connecting Our Communities begins with emergency and hotline information, followed by the Table of Content. The next two sections contain the government and non-government agencies providing services countywide. Section III through X contain community resources for individuals seeking services and Sections XI through XVI are intended to assist agencies and their staff.

You will find an electronic version of the Resource Guide in a PDF format on the Legacy Foundation of Southeast Arizona website under the Community Resources tab. www.lfsaz.org

The development of this guide would not have been possible without the partnerships of and collaboration with many government and community agencies. Thank you to all who have contributed and assisted in keeping information current. This is a living document, so please continue to provide current information on your agency and on resources and information that have not yet been included. To update or add your agency information to the Resource Guide, please contact Susan Richards at susan.richards@lfsaz.org

Be sure not to miss out on current events, trainings, vital information and resources shared through the Cochise and eastern Santa Cruz County Listserv. To be added to the Listserv, please send an email with your request to: susan.richards@lfsaz.org

Revised: July 1, 2019

Examples of community-based services include: congregate and home delivered meals, caregiver support, case management, housekeeping, personal care and help with benefit questions. Many of these services are provided on a donation basis and are delivered at the local level.

Description: Founded in 1912, we are one of the oldest and largest statewide comprehensive child welfare and behavioral health not-for-profit agencies in Arizona. Located in all 15 Arizona counties, we provide a variety of programs and services to meet the needs of more than 40,000 children, youth and families each year.
Services:

- **Foster Care & Adoption**: We recruit, train and provide necessary supports for foster care families who can open their hearts and homes to vulnerable children while their biological families are on the mend. We also collaborate with adoption placing agencies to provide a variety of adoption related services for those seeking to adopt internationally, privately and from the foster care system.
- **Family Preservation & Reunification (In Home/Family Preservation & Parent Aide)**: We assist families in crisis, by applying intensive intervention strategies to promote safety, health and overall well-being in order to strengthen families and reduce trauma and out-of-home removals. When out-of-home removals cannot be avoided, these programs assist in working toward family reunification by developing realistic long-term solutions. Families must be referred by the Department of Child Safety (DCS).
- **Family Education & Support Services**: Provides parents and caregivers with training and tools to promote optimal child development, positive parenting skills, and the opportunity to build a network of parenting support.
- **Living Skills Training (LST)**: LST serves current young adults in foster care who are in the custody of the State or Tribal welfare agency. AzCA receives referrals directly from Tribal Social Workers or Department of Child Safety Case Specialists for young adults who are 16 years of age and can receive services up to their 21st birthday. Living Skills Training
prepares current and former foster care recipients for adult living by teaching interpersonal and daily living skills.
For more information, please contact 480-247-1413.

- **Outpatient Behavioral Health & Trauma/Crisis Response**: Arizona’s Children Association provides a wide continuum of behavioral health services to children and families through contracts with the Regional Behavioral Health Authority. Services utilize the Child and Family Team (CFT) process and incorporate the principles from the Arizona Vision. Outpatient services are designed to be a short-term intervention that can assist in developing the skills and supports needed to increase independence and resiliency.

- **Thrive Mentor Program**: Thrive is a one-on-one volunteer mentoring program that supports young adults aging out of foster care. Our Mentors are matched with our youth based off interest and location. For information, contact 1-844-747-1533.

- **Transitional Independent Living Program (TILP)**: We provide Case Management for young adults ages 18-20 who were previously involved in State or Tribal Foster Care at some point after age 16. These young adults are no longer involved with the Arizona Department of Child Safety (DCS) and must self-refer. The purpose of the Transitional Independent Living Program (TILP) is to provide appropriate support and services to assist former foster care recipients in developing and maintaining stable living situations.
If you are a young adult who wants to learn more about participating in TILP, please contact 480.247.1413.

**Description:** Many veterans, law enforcement, fire fighters, and paramedic/EMT professionals enjoyed their years of service and developed deep family relationships with those they served with. Upon separation they lost that family, some losing themselves in return. It is the mission of, duty, and purpose of Heroes Healing Heroes Hunting Foundation to address, educate, coordinate, and provide aid and healing relief to disabled or disadvantaged Heroes on a local and global level. We will, when we are capable, bring our injured Heroes suffering from debilitating physical and/or emotional injuries back into their service related families through organized hunting and other activities conducted with able bodied active duty or retired military and other public service veterans.

Honor Flight Southern Arizona started as a national hub of the Honor Flight Network in April of 2011 and received 501(c)3 status on March 9, 2011. We fly out of Tucson International Airport. Like all the national hubs, we sign up veterans living in this area and send them to Washington, D.C. to visit the memorials that have been built in their honor. There is no cost to the veteran. Honor Flight Southern Arizona receives no government assistance; private donations fund each veteran’s flight.
**How to Help:** Honor Flight is an all-volunteer non-profit organization that would not be possible without the support of individual donors, sponsors, guardians, and of course, the volunteers. It is a collaborative effort to make each flight enjoyable and safe, and an experience that our veterans will *never* forget! Please visit our website for further details.

**Description:** VeloVets Sierra Vista (VSV) is a 501c3 Non-Profit Veteran Support Organization organized by Stuart (Stu) S. Carter, Lt Col, USAF (Retired) in December 2016. Its EIN# 46-2500801.  
**VSV’s mission** is to **get local disabled Vets off their couches**, and **exercise their bodies**, **stimulate their minds through cycling**, and to **provide** much needed **camaraderie** - something that many veterans miss when they leave military service. These Men and Women are a special breed of Americans – Military Veterans – who offered to lay down their lives for our country. They are Military Brothers and Sisters who collectively look after each other – and who appreciate the efforts of others who look after them.  
**Services:** As of 1 December 2018, VSV serves EIGHT disabled local veterans, has 23 Volunteers who ride, support and create an uplifting environment twice each week for our Veterans (Wednesdays at 1:00 PM and Saturdays at Noon). VSV has provided equipment (Trike Recumbents, Hand Cycles or Tandems) to most of the EIGHT Veterans we serve… some new trikes came from Veteran Service Organizations – like the VA, some were donated, and one was acquired by VSV in a pawn shop - then refurbished. All are custom engineered to **leverage the limited functional capabilities** of our Veterans. Every ride starts and ends at the PDS Country Club parking lot in Sierra Vista and includes coffee and conversation at a local Sierra Vista coffee shop.
