Thanks for visiting *Access Inner Dimensions™*

Spiritual Coach, Guide,
Teacher, Musician, Author

Within the depths of the
Self lie the answers to
every life question you may
have, and the solutions to
every challenge you may be
facing.

Access Inner Dimensions™ sessions are rich
inner journeys, unique to each person, circumstance, and
presenting issue. *Elana Joan Cara* will guide you as you
explore the inner terrain of consciousness, memory, life

choices, and long held contracts with self and others. She utilizes her spiritual gifts of clairvoyance, clairaudience, clairsentience, and mediumship to help discover aspects of the self that are operating unconsciously and unfold the meaning of your life dramas. In this way, awareness, understanding, clarity, and resolution are brought to whatever issue you are dealing with. With awareness and resolution of conflicts, you are able to move easily and comfortably through old patterns, past your limitations, and step gracefully into the full potentials of your future self right here and right now, in present time.

Elana Joan was born with an array of sensitivities, and she has diligently developed them over a lifetime of study and meditation. Her teacher and mentor of thirty years, John Laurence, was a mystic and clairvoyant, and a direct disciple of the great **P**aramhansa Yogananda. Miss Cara has compiled and edited a collection of inspired talks by John Laurence in a book titled **T**he Light of the Christ **W**ithin. (Please see book reviews on the **B**ook **R**eviews page below)

Some clients schedule weekly **A**ccess **I**nnner **D**imensions™ sessions in person or by telephone. In this way, we move steadily toward the fulfillment of specific goals and objectives. Other people schedule sessions only at times of transition or a serious life challenge.

Please feel welcome to contact us with any questions you may have about this work, or to schedule an **A**ccess **I**nnner **D**imensions™ session.
