You will visit: Harvard University or Worcester Polytechnic Institute; Boston University, Northeastern University, Bentley University, or Massachusetts College of Art & Design; Tufts University, Babson College, Boston College, or School of the Museum of Fine Arts; Brown University, Rhode Island School of Design, or Bryant University; Yale University, Connecticut College, or Quinnipiac University; Parsons School of Design, New York University, or NYU Tandon School of Engineering; Columbia University, Fordham University, or Pratt Institute; Lafayette College; Lehigh University; Drexel University, University of Pennsylvania, or University of the Arts; Johns Hopkins University, Goucher College, or Maryland Institute College of Art; Georgetown University, George Washington University, or American University. (You chose the school to visit when given choice)

There will be student led tours, meetings with admission officers, campus meals, hotel lodging, activities, and plenty of sightseeing. Activities on previous tours have included exploring the areas surrounding the schools, attending special events, and shopping in malls and markets. Throughout the trip, participants receive helpful information, materials, and tips on how to make the most of the campus visits.

The tour will be led by Mr. Robert Rummerfield, Director of **COLLEGE VISITS**, and counselors from The Koç School, Istanbul, Turkey. Before starting **COLLEGE VISITS**, Mr. Rummerfield was an admissions officer at The Johns Hopkins University. Since 1991, teenagers, parents, and counselors from across the world have joined our tours. Some of their comments:

**"I really enjoyed the tour and have found a few colleges that I will apply to. There was a good balance between visits and fun time. I was able to meet new people and got to know some of my classmates better."**

**"Before this tour I was certain that I knew where I wanted to attend college, but now I have discovered other options. There is a school out there for everyone. It is just a matter of finding it."**

**"It was great to see so many campuses without having to organize all of the visits myself. It was a very educational experience, and I learned a lot about colleges that prior to the tour, I did not know much about."**

**"Good chance to see many schools I would not have otherwise seen."**

**"I feel like I have an educated opinion about the schools out there. This information will help me in my college-decision process."**

**"It let us experience the "feeling" of the schools as well as getting good information."**
