

Port Pillows Directions

Fabric: Cut 2 pieces that's 4" by 8"

Velcro: Cut 2 pieces that's 3.25" long

From one of your pieces of fabric, fold it in half so it measures 4" by 4" and finger press (or iron press). Unfold the fabric and place one piece of velcro so the fold is in the middle of the velcro. Sew 1/8" to hold the velcro down. Repeat for other piece of velcro.

Take the other piece of fabric and place it on top of the 'velcro' piece of fabric and pin. Remember to keep an opening large enough to turn inside out and stuff.

Once it's stuffed, then sew the opening closed.
