Work to be carried out before sale:

PLEASE READ PRIOR TO SIGNATURE

Flying Star Saddlery (FSS) will be responsible for representing your saddle or other saddlery equipment (“Consigned Property”) in a professional and proper manner. Our process with each saddle is an investment of time and resources by FSS in the pursuit of obtaining maximum price for your USED SADDLE. If you decide to retrieve your saddle before it's sale, there is a **\$50.00 charge for our services**, as entailed on the policies page of this document. Consignment Policies at FSS is page 2 of this document. FSS ensures proper care of the “Consigned Property” while under consignment. Your saddle is protected, kept safe, and stored in a climate-controlled environment. If damage occurs during a trial period the potential buyer is held liable financially, so your resources are protected. By signing this agreement, you agree to the terms within as well as the consignment policies on page 2.

I, _____ (“Consignee”) have read and understand the requirements of Flying Star Saddlery and the policies of page 2 of this document.

As we begin the process of marketing your saddle (“Consigned Property”) which you are consigning with Flying Star Saddlery, we'd like to explain the details of preparing a used saddle for sale.

The first step is to fill in the two page consignment agreement and return. This form is a 'fill-able PDF' and you should simply be able to “fill in” all of the pertinent information, type your name & initials for your signature, SAVE and then return filled in PDF form! Another method, if you prefer, is to download – fill in by hand – scan and return. Be sure to include your email address!

The second step is to “ok” the starting price of your saddle (you will be emailed with our market research findings.) Any price we suggest is based on our experience and on what research has revealed about it's current market value. You might also have other details about the saddle which will help shoppers learn about its merits and fitting points. (PLEASE share these details page 1 - 'Features')

We need to have these puzzle pieces in place before we begin our behind the scenes process which entails cleaning and conditioning your saddle. If we have to clean your saddle there is a charge of \$15.00. Then a team member will photograph your saddle to obtain images used for posting/promotion. These photos are then edited to insure maximum detail.

At that point, we post your saddle in the Flying Star Saddlery shop online and then post on eBay. In concert with these two actions we post to pertinent Facebook groups, (often times 6 to 7 different saddle sales groups) where your consignment saddle enjoys over 80,000 member viewers.

The sale of your saddle depends greatly on finding the exact right horse and rider. Flying Star also promotes your saddle by physically taking it to every pertinent fitting.

***** *Patience is key with a used saddle sale in order to find the right fit for a new rider and their horse!!***

As your representative, FSS will tender every offer and notify you accordingly. Please no phone calls or emails to “check up” on your saddle. Your saddle will go out on every pertinent fitting both locally and nationally.

Flying Star, LLC sets no timetable on the sale of your consigned property but guarantees your saddle's maintenance and marketing for the duration.

Thanks for trusting us with your consignment!

_____ agrees to policies/terms of Flying Star Saddlery Consignment.
