**Recently we replaced the hydraulic pump on the Tucker. The track problems on Big-Foot were fixed.**

**We will be needing a new drag since the one we have is borrowed and too small. \$25,000.00 is required and we are going to apply for grants.**

**There was a good turn-out for trail grooming this year. Stakes will need to be picked up in April.**

**Started grooming Feb. 12. Poor trail conditions slowed the start due to weather. April 15 is the last week that we can groom.**
