Mike Gezella

Assistant Coach

Middle School Girls

My daughter started playing rugby 3 years ago and fell in love with the sport. I am new to the game but have a lengthy coaching background. Mostly as a high school basketball coach. I have spent time at the JV and Varsity levels for Southwest, Green Bay West, and Ashwaubenon for 18 years coaching both girls and boys teams. I have also coached middle school football at DePere.

I pride myself on being a great motivator and getting the most out of each kid. I also believe in being competitive but also make sure we are having fun. One of my favorite quotes that the girls will probably hear me say a lot is you can't practice soft and expect to play hard.

I look forward to my new adventure working with the middle school girls team.
