

A Brother's Revival
Sunday, October 2, 2022
7:30pm

**A Tribute to the
Allman Brothers**

*Sponsored in part by:
Cindy & Rick Trevathan
Hilary & Chris Wilkes*

To bring the music of The Allman Brothers Band to life 50 years after Duane Allman formed the original band, a former member of the Allman Brothers, David "Rook" Goldflies (78-82), launched **A Brother's Revival** to honor and do justice to the music of that legendary group. Wherever the band performs, they energize fans with performances that bring out the essence of what made the music of the **Allman Brothers** Band so lasting and powerful. No detail was left out to achieve an authentic performance of the music of the Allman Brothers. Ground-breaking double leads, dual drummers, a rock-n-roll Timpani solo, and yes, even a real B-3 organ make this show authentic and exciting. The band has had standing ovations at every show they have played. These guys aren't messin' around!

During A Brother's Revival's two-and-a-half-hour show, they play all of the fan favorites, including *Ramblin Man, Melissa, In Memory of Elizabeth Reed, Southbound, Whipping Post, Blue Sky, One Way Out, Soulshine, Revival*, and others.

A Brothers Revival is unique in that the group has a musical director who recorded and toured with the Allman Brothers Band. David "Rook" Goldflies played in the Allman Brothers night after night on the road. His presence in A Brothers Revival gives the group a solid foundation to realize the full potential of the Allman Brothers' powerful performances.

If you love the music of The Allman Brothers Band, you will be amazed how A Brother's Revival has recreated the energy, vibe, and passion when performing this iconic music.

Sideline

**Sponsored by
Diane & Ray McPhail**

Sideline was formed in 2012 as a "jam band" for a group of friends that played professionally in other bands. They started playing together as a fun alternative when their bands were not performing. In a short time they discovered their own identity and style, and realized their tour schedule was getting full. They decided to take a leap of faith and commit to the group full time. The band was named "Sideline" by founding member Darrell Webb, due to its origin as a "side band". Sideline has had different configurations over the years, but the three founding members Steve Dilling, Skip Cherryholmes, and Jason Moore led the band through it all until Jason's untimely passing in November of 2021. Steve and Skip decided to continue on with the band in honor of Jason's commitment to the band and love for the music. In just under a decade Sideline has achieved a list of musical accolades. The song *Thunder Dan* not only held the #1 spot on the charts for multiple weeks, as well as the #1 song for the entire year 2018, it also won the 2019 Song of the Year award with the International Bluegrass Music Association. Sideline has had many chart-active/chart-topping hits, including *Just A Guy In A Bar, I'll Always Be A Gypsy*, and *Jesse's Barn* from the group's latest album release *Ups, Downs and No Name Towns*.

Steve Dilling and Skip Cherryholmes are joined by Jamie Harper, Nick Goad, Andy Buckner, and Kyle Windbeck. Each with a commitment to working as one unit to deliver high-energy, innovative, hard-driving, variety-packed entertainment night after night throughout Sideline's lengthy tour schedule. Always seeking new breakthroughs in music, while holding to the core of their proven success - A love for each other, a love for their ever-growing loyal fanbase, and a true love and passion for the music they create. <https://sidelinebg.com/>
