WE REMEMBER

WEATHER IS CHANGING

Winter will be arriving soon! Please be prepared to send winter clothing with your child **every school day**. Snow boots, snowpants, warm coats, hats, and mittens, are needed for the children to be able to participate comfortably in the winter weather.

THIS MONTH AT PRESCHOOL/THEME

As we start our third month of school, our students are beginning to explore oceans. Your child will have opportunities to discover new concepts about sea life as they peruse the classroom books.

They can experiment with colours, textures, and images of the sea as they construct a gluing craft or try out their painting skills. As always, our playdough toys and tools change regularly, and provide students with a very tactile way to explore new ideas.

PLEASE REMEMBER: DO NOT USE THE LARGE PLAYGROUND BEFORE OR AFTER PRESCHOOL.

It is solely for the use of the elementary during their class time. No public use permitted between 8:30 AM to 4:00 PM.

ILLNESS REMINDER

If your child is ill, you must keep him/ her home (both for your child's sake and to ensure that the other children do not become ill). If your child becomes ill while at

school, you will be called to come and pick him/her up. Your child must be medication- free (including cold medication, Tylenol, Advil, etc.) for 24 hours prior

LEARNING THROUGH PLAY

Are you wondering why playdough is such an important staple in our classroom? Here are a few things your child gains from this satisfying sensory experience. Playdough can help children to:

- Develop hand, eye, arm and body coordination, and strengthen finger and hand muscles through squeezing, patting, pounding, rolling, poking, pinching, and cutting with scissors

- Dramatize about food and cooking and identify with the role of family cook
- Be successful – playdough is easy to mould and manipulate
- Be creative
- Learn about science and math – preparing, weighing, measuring
- Feel settled and safe
