CAPABILITY STATEMENT

CORE COMPETENCIES

Oils

- Engine
- Cutting
- Quench
- Naphthenic
- Mineral Seal
- Hydraulic
- Grinding
- Waylube
- Paraffinic

Lubricating Oils with Rust Inhibitor

- Water displacing for corrosion-prone metallic surfaces
- Emulsion oils for protective coating over paint, zinc-phosphate or alkaline-blackened steel

Electroplating Chemicals

- Tin-zinc
- Zinc
- Copper
- Zinc-nickel
- Zinc-iron
- Cadmium
- Nickel

Rust Remover

- Neutral de-ruster for ferrous metal surfaces
- Pickling solutions to remove mill scale, rust, and other forms of oxides

Waste Water Treatment

- Liquid and anionic polymers

Phosphate Processes

- Manganese, zinc, iron and calcium-modified zinc phosphate processes

Cleaners

- Acid and alkaline cleaner for steel, copper, aluminum and brass
- General maintenance cleaner
- Cleaners for descaling cooling water tubes in water-cooled rectifiers

COMPANY DATA

Northstar Chemical Corporation is a woman-owned small business specializing in chemicals for the metal processing and finishing industries. Whether you're looking for oils, rust inhibitors, cleaners, phosphates, electroplating chemicals, waste water treatments or custom blends, we provide competitively priced, high-quality products for all of your metal processing and finishing needs.

DIFFERENTIATORS

Our signature line of corrosion prevention lubricating oils:

- Are non-staining and free of barium or other heavy metals
- Provide dry-to-touch finishes with excellent salt spray results
- Used in rack, barrel or spray applications
- Ideal for long-term storage

RP 2110 offers extremely long corrosion prevention over all metals. A light viscosity oil ideal for quick product drain-off. Corrosion prevention for indoor storage is typically one year or longer.

Rustguard 1226 is a petroleum-based emulsion oil that provides a protective coating over painted surfaces or zinc-phosphate coated or alkaline blackened steel.

PAST PERFORMANCE

The Aldoa Company

President Irfan Raza
 irfan@aldoaco.com
 (313) 273-5705

Freiborne Industries, Inc.

President Scott Herkes
 scott.herkes@freiborne.com
 (248) 333-2490

Superior Metal Finishing

Vice President Dan Smith
 dans@smfdetroit.com
 (313) 893-1050

Chemical Process Industries

Plant Manager Nick Licari
