Career pathway endorsements – here is a document that lists everything a student needs to do to earn one <http://pwract.org/wp-content/uploads/2018/12/CCPE-Framework-121618.pdf> and this lists the skills in the 6 different areas that are available right now. All kids must show competency in the “essential employment competencies” and then in the content area of their choice. Seems like healthcare is the furthest along due to the career centers doing CNA training.

All of the PaCE documents came from this website
