

## **Do You Believe There is a God?**

Do you believe there is a God? The scriptures reveal a very basic truth: "For every house is built by someone" (Hebrews 3:4). The position is axiomatic: Individuals would deem you foolish if you attempted to convince them that your car, your house, your watch...or any other possession you have was a result of chance. The atheist would have us believe that the universe is the result of a "Big Bang" theory. Such a "theory" is as likely as a theory that your house is the result of the local lumberyard exploding and the foundation, walls, plumbing and fixtures fall into place. The scriptures affirm that "the invisible things of him since the creation of the world are clearly seen, being perceived through the things that are made, even his everlasting power and divinity; that they may be without excuse" (Romans 1:20). What is seen in creation is evidence to the things, which cannot be seen, i.e., God. Genesis 1:1 affirms that "In the beginning God created the heavens and the earth." Do you believe there is a God?  Yes or  No? If not, why not? What evidence do you have that would nullify God's evidence that "every house is built by someone; but he that built all things is God" (Hebrews 3:4)? ret
