

THE RELIGION OF ANTICHRIST

The purpose of this chart is to investigate if the Statue of Dream of Nebuchadnezzar has a patterns that might foreshadow the coming mixing with Iron and Clay of the last world empire that is to witness the Return of Jesus Christ. According to the Prophet Daniel a Stone will shatter this last world empire that, based on one interpretation of the timeline will be the continuation of the Roman Empire. If the Quartette and/or UN will force the division of Israel to accommodate the new Palestinian State at some point or a deal with the Muslims at large, then a possible prediction of the timing of this last rendition of the New World Order might correspond to when the coming 7th Week Period of Daniel 9 is to commence. This event could then be the ushering of the last world empire/kingdom that will fuse Catholic-Orthodoxy with Islam or Chrislam. Perhaps it will be the official 'religion' of the coming AntiChrist that is to rule the last 10 Nation confederation.

RESTORATION OF THE GOLDEN AGE

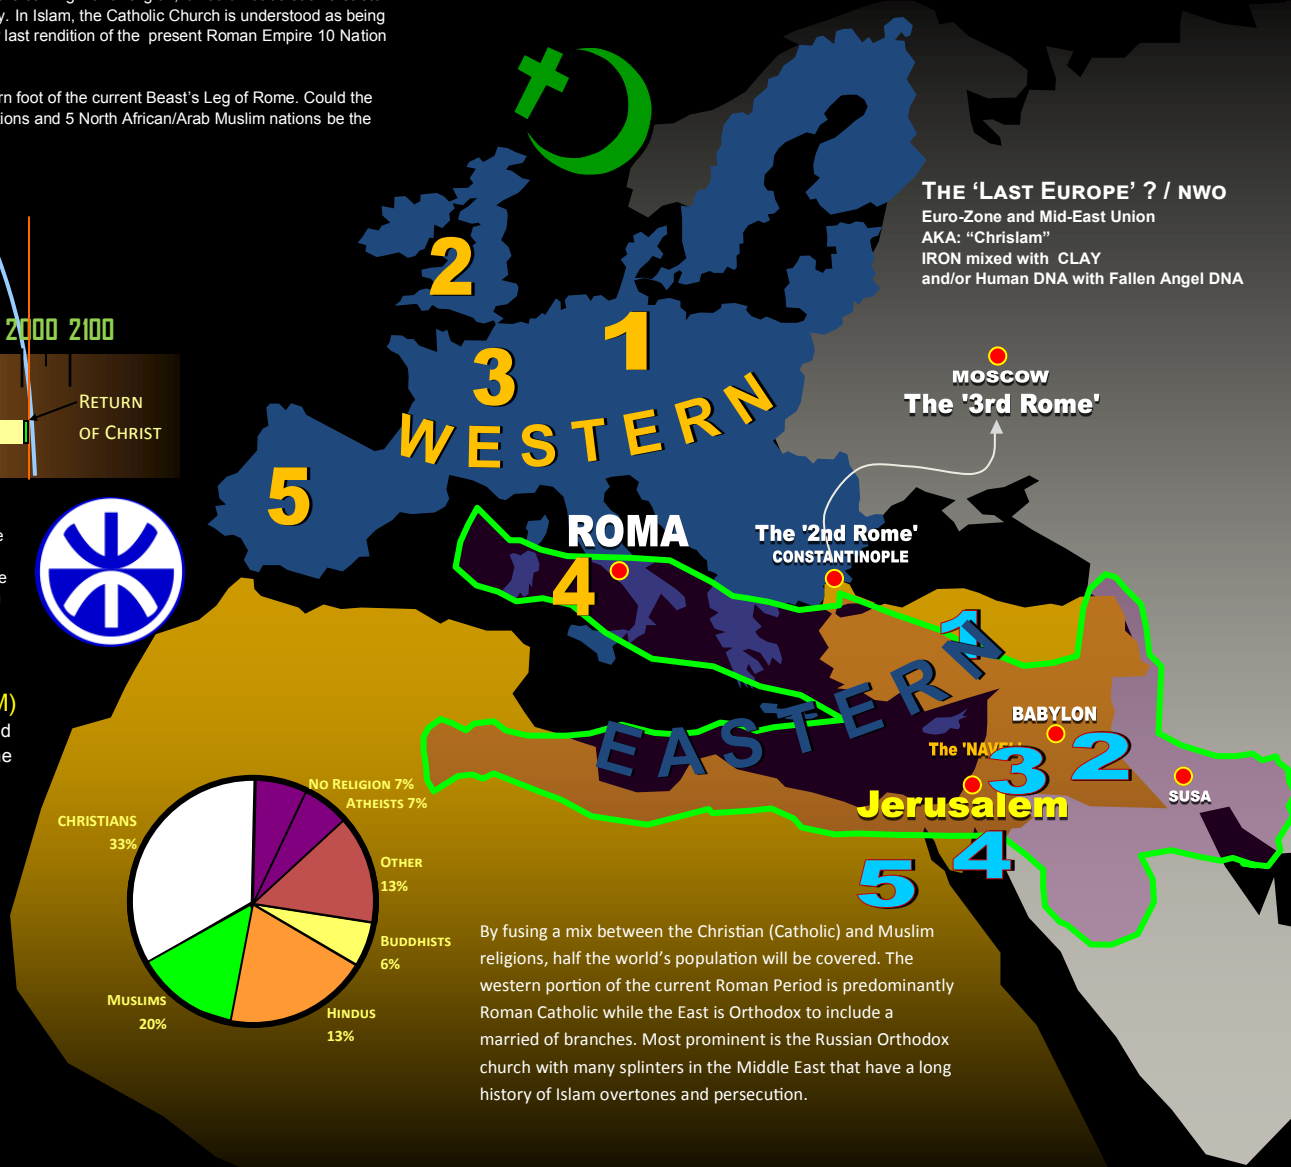

CHRISLAM?

If the statue of Daniel's vision is superimposed anthropomorphically onto the former world empires, the left leg of the former Byzantine Empire could allude to the mix of "CHRISLAM" to be the ingredients for the last "Beast" Empire that will see the coming of True Christ, Jesus of Nazareth. Most of the major tenants of Islam is found in Roman Catholicism which makes up the right leg that has morphed into the Papacy. Within Chrislam, there is a Jesus, Mary, Fatima, etc. The Papacy is the current successor of the Roman Empire. The Cesar had 2 main offices, "Dictator" and "Pontifus Maximus".

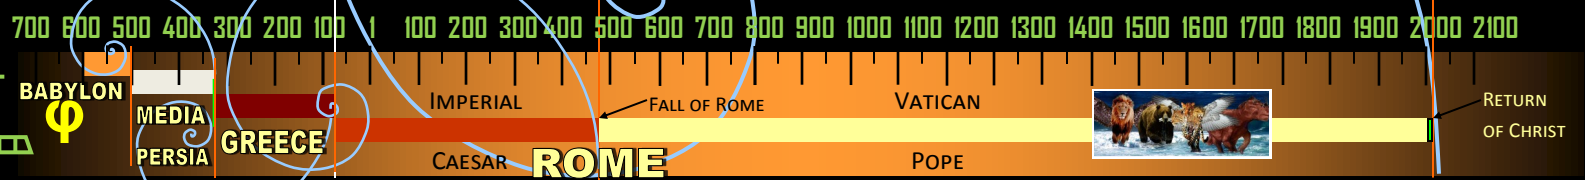

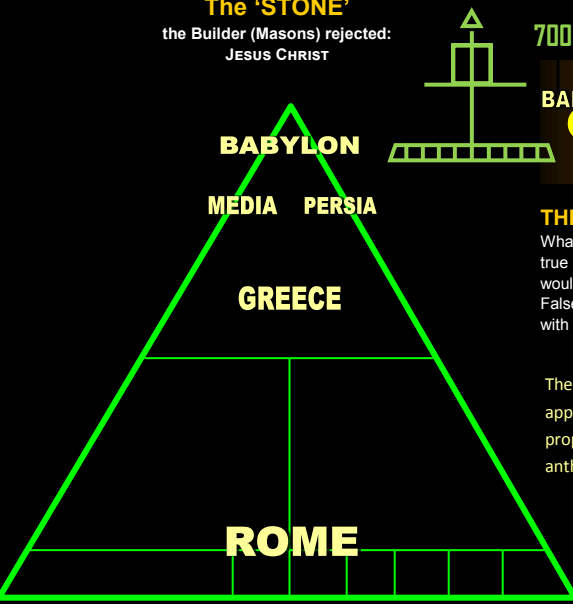

When Imperial Rome fell, the office was just carried out through the Papacy -to this very day the Pope of Rome is in essence, the de-facto Caesar. In the coming world religion, it would not be such a stretch for the AntiChrist to 'mix' Roman Catholicism with Islam. Islam has had a root/cancer in Europe though the centuries in Spain and the Balkans primarily. In Islam, the Catholic Church is understood as being the representation of Christendom. The Muslims could adhere to their Mahdi's (AntiChrist) instruction of mixing such religions for the New World Order last rendition of the present Roman Empire 10 Nation confederation. With the Pope as the False Prophet alluded to in the Book of Revelation.

When Byzantium fell to the Muslims, it went and was succeeded to Russia, Moscow being called the 3rd Rome. Islam has for centuries ruled the eastern foot of the current Beast's Leg of Rome. Could the Last "BEAST" of Daniel and Revelation be this mixing of CHRISLAM? (Iron and Clay?) Or could the Mediterranean Union with 5 Southern European nations and 5 North African/Arab Muslim nations be the 10 Toe Confederation to force the Covenant of Hell with Israel?

IRON CLAY?

The 'STONE'
the Builder (Masons) rejected:
Jesus CHRIST

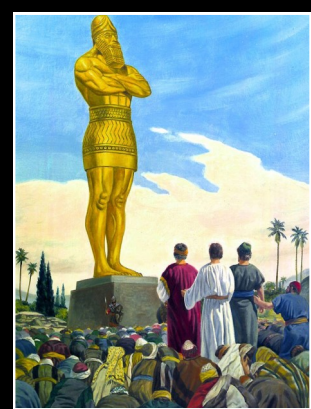

THE REJECTED STONE

What the 5 world empires have in common is that they dealt with Israel and the Temple directly; their rulers were a type of AntiChrist that Israel rather accepted than Jesus Christ. Israel rejected the true Stone -Jesus Christ only to accept the imposter to come on the world scene fairly soon, due to the spiritual blindness. Based on the Statue vision in the Book of Daniel, the 5th world empire would be the last one before the 'Stone from Heaven' would come down and shatter the 10 Toe Kingdom of the False Messiah (AntiChrist). This New World Order leader will be accompanied by the False Prophet religious leader that will direct the world's masses to worship the image of the Beast. Lucifer has always tried to copy and mirror YHVH with every divine pattern, timeframe and even with the 'covenants' with Mankind. Lucifer even uses the all-seeing eye and truncated pyramid of the Illuminati.

The world empires of Daniel's interpretation are configured in a math approximate phi ratio of time/history. They also construe a pyramid proportion to the division of their historical makeup, the result is an anthropomorphic rendition, the same as the as the Statue of the vision.

THE PROPHETIC EQUATIONS

- 443BC - 32AD = 476 years
- Jewish Calendar = 360 days/year
- Gregorian Calendar = 365 days/year
- (7x7) x (62x7) prophetic years = **483 years**
- 483 years x 360 days = 173,880 days

THE UNION FOR THE MEDITERRANEAN (UfM)

A multilateral partnership with countries from Europe and the Mediterranean. There are 27 member states from the European Union and 16 Mediterranean countries. It was created in July 2008 known as the Euro-Mediterranean Partnership (the Barcelona Process). There is still a plan to create an autonomous Mediterranean Union with the pending new Euro-Zone.

The Union has the aim of promoting "stability & prosperity." This stalemate remarkably echoes the cry of "Peace and Security" that is the focal point of the Arab-Israeli peace process. Ironically, the Gaza War of 2005 has hindered this effort, for now but It will directly affect the geo-political landscape of the New Europe to immerge, a 'mixing' of the 2.
