Before I arrived at Nicole Brewer and Crew, I worked with a couple of insurance companies, and I really enjoyed helping people. Due to a lack of guidance and support in the insurance industry, I decided to become a delivery driver with Federal Express. What I enjoyed most about being a delivery driver is the communication with the customers. After three years, I decided I missed working in the insurance industry helping people and I had the opportunity to be hired at Nicole Brewer and Crew and have more support and training.

I was born in Puerto Rico and moved to Ohio when I was three years old with my family. I grew up in and went to Strongsville High School. I attended Cleveland State University and graduated with a bachelor's in business administration. I am living in Cuyahoga Falls currently and have a growing family with fiancé, newborn, dog and cat. We are active individuals that enjoy exercise and being involved with Grace church in Medina. We enjoy helping others and serving our community any way that we can. In our spare time, we love to travel to new places and explore areas that we have never been to. I love to play basketball and bowl, and our family loves to spend quality time together with our extended family.

Currently I am working part-time with Nicole Brewer and Crew. I renewed my life and health insurance licenses when I started with the company. I also work for the Cleveland clinic. My goal is to transition to full-time with Nicole Brewer and Crew in the next few years. Throughout my time with Nicole Brewer and Crew, I have discovered that our philosophy is different from other companies. From our first conversation we have with a client or even a potential client, we get to know them first. Whether that involves sitting down or speaking on the phone we review their wants, needs, and the future they envision for themselves. We are diligent and do our best to maintain healthy relationships with clients. We believe time spent with clients doing a complete and accurate fact finder is crucial to seeing where they are now, and what we need to do to get them to where they want to be. Our goal is to help our clients not only succeed but exceed their goals!

It does not matter the stage in life that you are in, I will be doing my best in planning for the changes you will be experiencing. My wonderful fiancé and I have been together for three years and along our journey a lot has changed and more to come. Life has many ups and downs but being prepared makes a difference. I believe strongly in keeping the ethics and morals that I was raised on, and I am proud to be a part of this wonderful organization. We understand what it means to earn your trust.
