## Welcome Home Sons and Daughters of the Sun

I am known as GoldenHawk, Arch Priestess of the Most Ancient Traditions of The Blue Nile, founder of the Aquarian Age House of Life and Channel for Hathor 9fold1, the vertical Consciousness of the functions of feminine Deity, balancing with the male aspects.

At the beginning of each turning of the Age all of the Temples aligned with the Nile were reset for the current Age and the Mysteries of the new Cycle, the House of Life was re-established to the functions of each age. Welcome to the foundation of the Age Of Aquarius!

I call you Sons and Daughters of the Sun,  
because you, in this moment, are  
reading my words. I know...

- That you have felt alone and isolated most of your life.
- That you do NOT really FIT in the structure of whatever religion, culture, government or school you have been involved in.
- You know that the world's entire Focus is WRONG.
- Your life often feels hollow, and most of those you love seem shallow. You love them anyway, and it is painful that they cannot see!
- You have suffered for this, teasing, bullying, judgement even emotional and mental persecution!
- People expect you to Fix things, keep them safe and give them advice .
- You make time for service to others with very little if any compensation.
- Jealousy and attempts at control ruin most of your relationships.
- People break contracts with you, and expect you to fulfil them anyway.
- You feel like you are often under attack, and unwanted, unappreciated.

And You Are  
Gifted!

Sons and Daughters of the Sun, your gifts are many, often more like a curse upon you, these gifts are...

1. The State of Knowing (Gnosis)
2. The Word of Wisdom (Clair Audience)
3. The Gift of Prophecy
4. The Gift of Faith
5. The Gifts of Healings
6. The Working of Miracles
7. The Discerning of Spirits
8. Speaking in Tongues
9. The Interpretation of Tongues
10. The Gift to Dream True

To receive continual guidance and inspiration from the 'Spirit'.

There are others, more rare and you may have those too, and you have been in fear because you were told they are not real, that you are not right or normal.

As these 'gifts' come with great responsibility, you feel at fault when things go wrong and have a deep and abiding sense of right and wrong that does not line up in this unjust world.

You know you are a creator, but there is no way you deserve the 'karma' you have been told you are living.

**Children of the Sun! You are members of an elite group, due to the soul work of lifetimes and you make up less than 1% of the Earth's population at this time. It takes 1/1000<sup>th</sup> to make a Quantum Leap, and we are not at that point, as yet.. t is Very Early in the Age.**

- Over 90% of active light workers, as 4D Quantum Creators are still connected to the Quantum Probability Continuum and the energy, is still feeding the mythic reality of the creator Gods & Masters and these glorious people do not have a CLUE!
- A cataclysm occurred that shifted the Earth's poles 23.5° out of alignment with its own core and the Sun ripping it out of connection with the 5<sup>th</sup> through 9<sup>th</sup> dimension, creating 'the veils', 4D quantum space filled with terror, death, destruction, scarcity, survivalist mentality and closed to the higher dimensions due to the tilt. And people experience these 4D heaven and hells, the Gods, Angels and Masters as 'Real' higher dimensions!
- TaMaRa, or Khemet (now called Egypt) was the center of Pangea. It is the Umbilicus of our World, this is where connection begins.
- A very specific structure was gifted to Khemet after the Cataclysm, the structure for the creation of Pharaohs, or columns of Light between the Heavens and Earth. The land and people prospered in peace.
- With the Sumerian corruption of the Neters through the False Creator GOD Infiltration of Egypt's Royal Houses (the Temples) at the end of the Age of Taurus the Mysteries were confounded and sealed, and the keepers left in small groups to cover the globe. Hunted for Aeons, millions died.

**Yet, You Survived for the Awakening!**

It may be connected into a certain pathway, and the next moment it is making connections with something that seems completely unconnected. This vibration is that of movement and vibration/frequency connection. It is a 'point of perspective and cohesion' energy. It is formed by combining crystal systems which have space groups assigned to a common lattice system. (Please see Crystal Synergy & The Bodies of Humanity) This is good to know, but it happens automatically. This is part of the Laws of Creation.
