

2020 Paw Print Genetics Discount Information.pdf ***PPPA20***

Received from Paw Print Genetics 12-28-2019

Based on the usage of the Portuguese Podengo Pequeno of America's discounts with Paw Print Genetics, I am pleased to renew your code for 2020.

*Code **PPPA20** saves your members 30% off any order of single disease, coat color or trait testing or 50% off Portuguese Podengo Pequeno Panel. To maximize the savings, members should group the dogs into orders based on the number of tests. For example, dogs with single tests should be in the same order and dogs with the Portuguese Podengo Pequeno Panel should be in a second order.*

*Your members will receive the discounts when they apply code **PPPA20** to their order. This new code becomes effective on December 31, 2019 and is valid through December 31, 2020. Please note that while diseases, colors and traits are discounted, DNA profiling, Parentage and Clear by Parentage certificates are excluded from this discount.*

Have a wonderful, happy and healthy New Year,

Lisa G. Shaffer, PhD, FACMG
