Meet The Woman Who Could Change Your Life— Hon. Dr. Sandra Rose Michael

For more than 30 years, the Honorable Dr. Michael has demonstrated her commitment to health and healing the world by preserving and teaching life-saving healing techniques, therapies and treatments. Her holistic approach to health has helped clients, practitioners and students around the planet. World renowned as healer/researcher/teacher/lecturer—Dr. Michael is sought by clients and peers from every walk of life for her expertise in balancing the mind, body and spirit. Saving lives is but a fraction of Dr. Michael's

lifelong string of accomplishments and talents. Thousands worldwide have responded to her healing methods and technology treating every issue from sleep deprivation to serious disease, helping them to regenerate their source Qi Energy, bringing them back to vibrant health in short periods of time. Dr. Michael not only works with people in health crisis, with her fundamental understanding of the emotional and energetic links to illness and trauma she

also assists their families and friends, understanding that trauma does not just affect one person. Dr. Michael's Energy Enhancement technology is user friendly and supports resolution of issues and ailments.

On the PBS Advisory Board for Alternative Medicine, the Global Advisory Board for Medical Safety Solutions, and appointed Senior Director of Energy Medicine for the Global Foundation for Integrative Medicines, Dr. Michael has appeared on CNN and the Discovery Channel as the sole Inventor and Creator of true bio-scalar technology. Defying the laws of physics, the EESystem® is an inter-dimensional quantum physics phenomenon that has had miraculous results with Diabetes, Strokes, Cancer, Autism, Infertility through improving physical, mental and emotional balance, health and performance.

"You can recharge and rejuvenate your body-mind as easily and quickly as you recharge your cell phone," states Dr. Michael. "The EEPProcess takes you from degenerative dis-ease to detoxification and cellular regeneration."

The 5 Tests of True Scalar Energy Technology

How the Energy Enhancement System® works: The body heals itself with the EESystem® because of the generation of extraordinary healthy bioactive-scalar fields that support cellular repair and regeneration. Unlike electromagnetic waves used widely in healthcare modalities today, scalar waves are unique and must have the following key characteristics:

- 1) Wireless energy transfer.
- 2) Feedback of the receiver.
- 3) Proof of free energy.
- 4) Superluminal velocity.
- 5) No containment by a Faraday cage.

The EESystem® represents the first entry of "true bio-scalar" into the wellness market. With more than 20 years of research and development, including clinical studies presented as "the future of medicine" at the National Institutes of Health, Mount Sinai Medical School, and proposed DNA research with top Geneva geneticists, the EESystem continues to astound scientists and doctors. With more than 1700 units installed worldwide, including at the University of Hawaii Medical School, Dr. Michael is now opening her new facility in Las Vegas, Nevada to showcase how her patented design unifies scalar energy, bio-photonic fusion, pulsed electromagnetic fields (PEMF), hydro-bifurcation (similar to a hydrogen fuel cell), dense intentional fields, and direct interface with DNA. For this innovative technology, Dr. Michael has received international recognition including: knighting in the Order of St. John for Humanitarian Service, Qi Technology of the Year Award 2008, Professional of the Year Presidential Who's Who, and is currently serving as Deputy Minister of Health for the Republic of New Lemuria.

DIRTY ENERGY=Death, Disease & Health Deterioration

Testicular cancer for men in the 15-35 age group is now at an all time high. Infertility clinics are over-flowing with couples. Why is the media focus on brain cancer and cell phones? The rates of prostate cancer and breast cancer began to climb in the mid 70s-80s roughly the same time wireless, cordless and cell phones came into widespread use. Prostate cancer affects one in seven men and breast cancer one in nine women. Another disease afflicting men and

women all ages is Multiple Sclerosis (MS), a neurological disorder with symptoms that overlap with those of electro-hypersensitivity. Studies showed that some people with MS improved when ELF/EMF was reduced in their home environment which is why the EESystem® is now featured in the "Greenest House In The World" according to FOX news, and in Dr. Sharyn Wynter's book, SURVIVE! A Family Guide to Thriving in a Toxic World.

Now Dr. Michael has made it possible to carry a piece of the technology with you or wear where ever you go. EEMedallions™ enhanced in bio-scalar technology offer the benefits of hyper-healthy energy all day-every day while they nullify the harmful electrosmog of EMF, ELF, radio waves, microwaves, computers, cell phones, TVs, airport radar and radiation etc. The EEMedallions™ are infused with True Scalar Energy™, and never lose their beneficial effects because they are self-perpetuating and self-regenerating-producing the same or greater charge over time.

The EESystem® is available in Beverly Hills and around the world. You may also purchase your own EESystem® to use in the privacy of your home. Look for New World Headquarters premier showroom facilities, clinics and labs opening soon in Las Vegas. Visit: EESystem.com or call 863.471.6820 for information.
