A motion was made and seconded to resume open session at 6:20 p.m.

Report of the General Manager

The Hayes Woods development water line has been installed down Pepperell Road to the development. Paul said the pressure and bacteria have been tested and passed up to that point. There is going to be an extension of the water main into the development.

A hydrant was hit by the H&V field most likely by someone pulling into the field to turn around. He is considering having a boulder placed by it to prevent further damage. Another hydrant on Kemp Street was hit which took the nozzle off. Both hydrants were fixed and are up and running.

Paul said the demolition on the garage begins on June 17th. Dawn obtained the demolition permit.

Other Business

A notice to West Groton Water takers informing them of the rate and minimum charge increases will be mailed with the July bills.

As there was no further business, a motion was made and seconded to adjourn the meeting at 6:52 PM.

Respectfully Submitted,

Lisa M. Dearth

Clerk
