Dear Mr. Tedesco,

Thank you for your recent contribution to support the Ken Hamilton Caregivers Center at Northern Westchester Hospital. Your support makes it possible for social workers and volunteer coaches to lighten the emotional burden that comes with being a family caregiver.

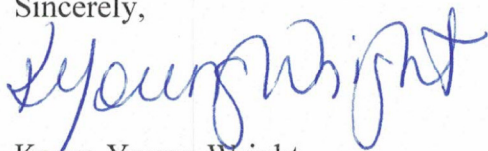

Your thoughtful gift will help us provide compassionate, personalized counseling and a place of respite for families to relax and recharge so they can continue to support their loved ones through difficult and sometimes unforeseen health crises. Our award-winning Center—which has been replicated at 17 other sites—is 100% funded by philanthropy from caring supporters like you, who make this invaluable resource available free of charge to the community.

I want to share a note from an appreciative family member because your support makes this all possible:

“During a time in my life when it was a roller coaster of emotions, I could always count on the Caregivers Center... Reflecting on it now, I don’t know how I would have been able to deal with everything so well without their continued support and advice. Thank you for creating such a significant place for patients’ families.”

On behalf of Marian Hamilton and the hundreds of families we serve each year, thank you for your generosity and partnership.

Sincerely,

Keeva Young-Wright
President, NWH Foundation
