

Members of the Cornell Club of Sarasota-Manatee Enjoy Many Benefits

- **Monthly luncheons** from November through April bring faculty and staff from Cornell and local speakers who address a myriad of topics that appeal to the multi-faceted interests of our members.
- **Special events** launch the season in October with a Sunday party at the Sarasota Yacht Club for all alumni, parents and their families. This is followed by many entertaining educational events, including tours of local businesses, academic and cultural facilities. You can also participate in our Cornell Cares program where we give back to the community. For example, In the past two years we organized a trip to the Big Cat Habitat and Gulf Coast Sanctuary for children from Everyday Blessings and helped at All Faiths Food Bank.
- **All Ivy "Young Alumni" Alumni Networking Events** for the classes of 1980-2019 offer a way to socialize with fellow Cornell alumni and also to meet graduates from other colleges and universities.
- **Online Password Protected Member Directory** keeps you in touch with other members. It is updated throughout the year.
- **Online newsletters** alert members to our events and to news of alumni and students and also to major happenings at Cornell.
- **Opportunities to volunteer** are available whether it is serving on the many committees such as CAAAN (meeting with students who applied to Cornell) or participating in the management and operation of the Club.
- **You will meet current students and their parents at the January luncheon. You can join others in supporting the Club's Scholarship fund.**

As a member you will meet old friends and make new friends! The Cornell Club of Sarasota-Manatee is the most active and successful Cornell club for a community of our size among the 80 clubs in our country. Once you experience it, you will understand why. Come join the over 950 people who attend our events each year. And bring your Cornell friends.

The modest annual fees of \$30 for a single person or \$40 for a couple are used to meet administrative costs.
