DESCRIPTION: This high-end Buddy Watson developed and designed bow was made for Sears as part of the Ted Williams endorsed bow line. Carl "Buddy" Watson was a close friend of Fred Bear, and was the lead bowyer for Indian Archery. This is a beautiful RARE target recurve. Face limbs are grey; back limbs are black. Gorgeous 7 layer black/white overlays on the back of the riser. Wood overlay on the back. Tip overlays are after-market. No delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes. No chips, dings or cracks. No stress lines or crazing. A few minor scratches and scuffs on the limbs. This is a really nice bow in excellent condition for its age, a real show piece that will have people looking and commenting wherever you go with this bow.
