**A Message from the Select Board**

Benton Residents and Businesses,

We know that many of you are balancing the Governor's order to shelter in place and to practice social distancing, while also caring for your families. Many of us are meeting these needs while also adjusting to working remotely. Your sacrifices and flexibility are appreciated as we work together to shift to remote meetings for the various Town Boards.

Recently the Secretary of State stated that all motor vehicle and trailer registrations that expire during the current state of emergency will be extended indefinitely. Gov. Janet Mills added to that to declare that registrations issued by a city or town, including temporary registrations, will be extended 30 days following the termination of the state emergency. Our Treasurer / Tax Collector is validating if there will be any adjustments to running real estate and property tax bills for the upcoming year.

In these unsettling and stressful times and given our incoming revenues may be now impacted, we need to address financial and other impacts on Town operations. In the interests of transparency, we are committed to communicating with you as the financial challenges become clearer and as we adapt to a rapidly evolving situation.

Given this reality, we have made the following decisions which will be effective immediately and until further notice:

We recognize that all these adjustments will require additional sacrifices from everyone. With the unpredictability of this pandemic, the road ahead will continue to be challenging for our community with the likelihood of other difficult decisions ahead. Please know that we truly appreciate everyone’s partnership in this effort.

Thank you in advance for your continued patience.
