Section 7: If the statement of any witness taken in any investigation by the City Attorney shall disclose the fact that intoxicating liquors are being kept for unlawful sale or purpose, or are being sold by an unknown person or persons, particularly describing such unknown person or persons, contrary to the provisions of this ordinance at any place within the city of Garnett, Kansas, particularly describing the place to be searched and the property to be seized as hereinafter provided, it shall be the duty of the City Attorney to forthwith file his complaint, together with such statement, with some court of competent jurisdiction against such place and the unknown keepers thereof, which complaint, when verified by such City Attorney upon information and belief, together with such statement, as aforesaid, shall have the same effect as if such information or complaint had been sworn to positively; and thereupon a warrant shall issue, directed to the proper officer, commanding him to search the premises described in the complaint and to seize all intoxicating liquors and all vessels or bottles containing the same and arrest the keeper or keepers thereof; and said person or persons when arraigned before the court

Section 9: Whenever any intoxicating liquor or other property shall be seized under such a warrant, whether an arrest has been made or not, a notice shall issue within 48 hours after the return of the warrant directed to the defendant or defendants in such action and to all persons claiming any interest in the intoxicating liquors or other properties and fixing a time and place at which all persons claiming any interest therein may appear and answer the complaint made against such intoxicating liquors or other property and show cause, if any they have, why the same should not be forfeited and ordered destroyed. Such notice shall be

If, at the time for filing answer, said notice has not been duly served or other sufficient cause appear, the time for answering may be by the court extended and such other notice issued as will supply any defect in the previous notice and given reasonable time and opportunity for all persons interested to appear and answer. At or before the time fixed by the notice, any person or persons claiming an interest in the intoxicating liquors or other property seized may file his answer in writing setting up his claim thereto and shall thereupon be admitted as a party defendant to the proceedings against such liquor or property. The complaint and answer or answers that may be filed shall be the only pleadings required and at the time fixed for answer or at any other time then to be fixed by the court, a trial shall be had in a summary manner before the court of the allegations of the complaint against the liquor or other property seized, and whether any answer shall be filed or not, it shall be the duty of the City Attorney to appear and produce evidence in support of the allegations in the complaint.

So much of said intoxicating liquor or other property as the court shall not find to have been used in maintaining a common nuisance, he shall order **returned** by the officer in whose custody it is to the place, as nearly as may be, from which it was taken, or delivered to the person establishing his claim to the same. If the court shall find that any of such liquors or other property was, at the time the complaint was filed, being used in maintaining a common nuisance, and shall also

find that it was being used by any person served with the notice provided for in this ordinance, or by any person filing his answer as hereinbefore provided so that it was then owned by any such person and by him knowingly allowed to be so used, the court shall render judgment against such person for the costs of the proceedings against the intoxicating liquors or other property so used or owned by him. If the court shall not find that any of said intoxicating liquors or other property seized was, at the time the complaint ~~or information~~ was filed, being used in maintaining a common nuisance or shall not find that it was being so used or so owned and allowed to be used by any person served with the notice as aforesaid, or voluntarily becoming a party as aforesaid, the costs of the proceedings against such property shall be paid as in other criminal cases. Whereas, said city has heretofore called for payment and has redeemed and paid \$3000 principal par value of said sewage disposal bonds, being bonds numbered 1, 2, and 3, in the sum of \$1,000 each, and

Whereas, the balance of said issue of bonds in the principal sum of \$27,000.00 remains outstanding and unpaid, said bonds outstanding being bonds numbered from 4 to 30, inclusive, in the sum of \$1,000 each, and,

Whereas, it is desirable and to the interest of said city that Refunding Sewage Disposal Bonds of said city be issued in the principal sum of \$27,000.00 for the purpose of providing funds to redeem said original Sewage Disposal Bonds, because of a saving to said city and the taxpayers thereof by reason of the reduced interest rate on said Refunding Sewage Disposal Bonds so to be issued.

Now therefore, be it ordained by the Governing Body of the City of Garnett, Kansas:

Section 1. That all of the outstanding \$27,000.00 principal per value of 2 1/2% Sewage Disposal Bonds, of the City of Garnett, Kansas, dated July 15, 1935, becoming due as hereinbefore specifically described, redeemable at the option of said city on any interest paying date, be and the same are hereby called for payment at the office of the State Treasurer in the City of Topeka, Kansas, on the next interest paying date, to wit: January 15, 1937. Interest on said bonds shall cease from and after January 15, 1937.

Section 2. That for the purpose of providing funds to redeem and pay off the Sewage Disposal Bonds hereinbefore described, there shall be issued and hereby are issued Refunding Sewage Disposal Bonds of the City of Garnett, State of Kansas, in the principal sum of \$27,000.00. Said issue shall consist of 27 bonds numbered from 1 to 27, inclusive, each in the sum of \$1,000.00. All of said bonds shall be dated January 15, 1937, and said bonds shall become due serially as follows:

\$3,000 of said bonds shall become due July 15, 1937, and \$3,000 on the 15th day of July of each of the years 1938 to 1945, both inclusive. Said bonds shall be redeemable at the option of the city on January 15, 1942 or on any interest payment date thereafter. The bonds shall bear interest at the rate of 2% per annum, and the interest shall be payable semiannually on January 15, and July, 15, in each year. Both principal and interest of said bonds shall be payable at the office of the State Treasurer of the State of Kansas in the City of Topeka, Kansas, in lawful money of the United States of America.

Clean Milk

CLEAN MILK is milk of good flavor from healthy cows, that is free from dirt and contains only a small number of bacteria, none of which are harmful.

Bacteria are tiny, single-celled plants, invisible to the naked eye. So far as possible they should be kept out of milk, and those that do get in should be prevented from multiplying by promptly cooling the milk.

Bacteria dangerous to human health may come from unhealthy cows and milkers, contaminated water supplies, dust, or filth.

Great numbers of bacteria may be introduced into milk from the body of the cow and from unsterilized utensils. Easily applied preventives are cleaning the cows, the use of small-top milk pails, and sterilization of utensils.

Prompt cooling to low temperatures prevents bacterial growth and aids in producing better milk, which will keep longer and make finer dairy products.

Clean, well-constructed stables aid in producing clean milk, as does a separate milking room in which the product is handled.

FOREWORD

The following model milk ordinance, approved by the Public Health Service, United States Treasury Department, the Bureau of Dairy Hygiene, United States Department of Agriculture, and the Kansas State Board of Health, is recommended for adoption by the cities and communities of Kansas in order to encourage uniformity of methods of milk control within the state.

This ordinance embodies the best information at present available on milk control legislation, but it should be considered as subject to change as improvements are developed.

Some communities have standards and an enforcing legislation, establishing even higher standards than those set forth herein. Such communities should not relax the higher requirements already in operation unless they have proved to be impracticable.

For further information regarding the contents of the standard milk ordinance, write The Kansas State Board of Health, Division of Food and Drug, Topeka, Kansas.
