Our Mission Statement

Our team at Phoenix Professional Group (PPG) Inc. strive to make a difference in the lives of our clients. Our commitment to quality and safety is foremost to those we serve; always cognizant of the golden rule "do unto others as you would have them do unto you". Our mission is to make your remodeling, renovation, or new construction project a pleasant, rewarding and unforgettable experience. Our company is founded on our core values of fairness, integrity, safety, quality, and respect for our clients. At PPG, we help you realize your dreams!

"The greatest compliment you can give us is a referral to your family, friends and colleagues".

Past Performance

For nearly 30 years Phoenix Professional Group has successfully completed a variety of residential and commercial remodeling and renovation construction projects. Our projects include gutting existing properties, transforming inhabitable properties into homes, new constructions, kitchen and bathroom remodeling, asphalt driveway projects, and commercial office buildings, medical facilities and roofing projects.

Differentiators

As a Veteran owned W/MBE small business, our dedication to delivering value to our customers is vital to our success. We are detailed oriented and avoid short cuts. Our clients' ultimate happiness is our number one priority. Our projects are short-term but our relationships are lasting.

Company History

Our company was founded in 2015 by Tammy E Griffin, a United States Navy Veteran with over ten years in the construction industry and Arlene P Wilson an Interior Designer with over nineteen years of experience.

The combined knowledge and experience has provided the tools and skills to successfully perform any construction project.
