Declaration of REACH (SVHC) Compliance
- Stainless Steel SUPERLOK® Tube Fittings -

BMT Co., Ltd. ("BMT") is the manufacturer of instrumentation fittings and valves, collectively branded as SUPERLOK®. The Registration, Evaluation, Authorization and Restriction of Chemicals ("REACH") is an EU initiative aimed to improve the protection of human health and the environment through the better and earlier identification of certain chemical substances contained within chemicals and/or products.

As of the date of this letter, SUPERLOK® products are exempted from the registration requirements because the products do not contain substances of SVHC that exceed 1 ton per year and are not intended to release regulated substances under normal and reasonably predictable conditions of usage.

European Union (EU) Regulation (EC) No. 1907/2006 (REACH) requires suppliers to inform their customers of the substances of Very High Concern (SVHC) in excess of 0.1% weight by product weight (w/w). Pursuant to REACH initiative, BMT offers the following information regarding SUPERLOK® standard catalog fittings:

<table>
<thead>
<tr>
<th>Product Description</th>
<th>Body Material</th>
<th>SVHC above Threshold</th>
</tr>
</thead>
<tbody>
<tr>
<td>SUPERLOK® Tube Fittings</td>
<td>Stainless Steel</td>
<td>Not present</td>
</tr>
<tr>
<td>i-Fitting®</td>
<td>Stainless Steel</td>
<td>Not present</td>
</tr>
<tr>
<td>Instrumentation Thread Fittings</td>
<td>Stainless Steel</td>
<td>Not present</td>
</tr>
</tbody>
</table>

NOTE:
- The product catalogs can be found on the webpage: 「Downloads」→「PR Center」→ https://www.superlok.com
- This declaration is valid only for the SUPERLOK® catalog products. Fittings that are not listed on the catalogs, accessory products, and tools have not been evaluated. For these items, please contact your SUPERLOK® representative(s) and note that time may be obtained on the response date.

BMT has determined that there are no restricted SVHCs above the 0.1% by weight threshold contained in BMT standard catalog fittings listed above.
BMT has prepared this statement based on information obtained from sources (the suppliers, its own review, and/or 3rd party lab) which BMT believes are reliable and accurate to the best of its knowledge and belief. BMT makes no express or implied representations or warranties with respect to any use of information contained herein.

Sincerely,

Min jung Yoon
Director / BMT Co., Ltd.
