

## Why Choose LPS Services Over the Rest?

When it comes to protecting your people, property, and business, LPS Services stands apart. Here's why:

### **Transparent, Competitive Pricing**

We provide security and traffic solutions as a variable expense at a fixed, competitive rate. Our clients always know their daily or hourly cost—**no hidden fees, no surprises.**

### **True Partnership with Clients**

We don't just provide personnel—we **learn how your business operates** and design an effective plan around it. Whether security, traffic control, or both, we assess your needs, draft clear post orders, and deliver peace of mind so you can stay focused on your business.

### **Compliance & Reporting Excellence**

We stay ahead of industry requirements, PPE standards, OSHA regulations, and state mandates.

- Incidents are reported to clients within 30 minutes or less, often sooner.
- A secure online database keeps records available for 5 years, ensuring fast, efficient access anytime.

### **Proven Scale & Experience**

With 100+ employees across multiple industries, we're built to scale. From a single location to 20+ facilities operating 24/7, we have the staffing power and systems to deliver consistently.

## Advanced Training & Emergency Readiness

Our personnel are trained **beyond industry requirements**, including in-house **Red Cross CPR/AED/First Aid certification**.

- Specialized response teams handle emergencies, protests, strikes, or hazards.
- 24/7 supervisory staff ensure **minimal response time** to any incident.

## Strict Standards & Accountability

We enforce strong policies for every employee, including:

- Federal background checks and drug testing
- Confidentiality and social media compliance
- Anti-harassment and zero-tolerance sleeping policies
- Attendance and professional conduct standards

This means fewer distractions, stronger accountability, and more focus on your needs.

## Leadership You Can Trust

Our CEO and Founder, Dani Jurnak, has built an award-winning, multi-million-dollar company with hands-on leadership and daily client communication. She maintains multiple licenses and certifications, including:

- Pennsylvania Private Detective License
- WBENC Certification (Women's Business Enterprise)
- Disadvantaged Business Enterprise Certification
- FEMA & OSHA certifications
- Red Cross & Traffic Control Instructor credentials
- She is also an active member of ISNetworld (A rating with all clients), Ariba, Open Invoice, Women in Energy, and PinkPetro.

## The LPS Promise

Choosing LPS Services means choosing a partner committed to safety, compliance, accountability, and excellence. We would be honored to earn your trust and look forward to showing you the difference we can make.
