The Swaffers

Crunchy Swaffer is the father of the family. He may have a hard outer crunch, but he is sweet and full of fun inside.

Cheery Swaffer is the mother of the family. She has a delicate outer layer, that it keeps everyone together with a lovely creamy inside.

***Daughter Cuddly Swaffer
loves to do all the things
that most girls like to do.
She is just as cuddly and
sweet as can be.***

Crispy Swaffer is like his father. Like most boys, he may be little hard on the outside, but he is fun loving on the inside.

Author's Notes

Imagination is such a beautiful gift we can allow a child to have with no limits. The process of curiosity is a natural stage of development for children. They are natural-born scientist and investigators. It is our responsibility to foster and nourish those innate skills in our kids. So, go grab those pots and pans or a box and start using those beautiful, colorful, and creative imaginations!
