

What would your friends and family say about how much the Bible matters to you? In what ways can you use God's Word to positively impact your life – family - culture?

The Bible is the only Living Book that ever was or ever will be. For 1000 years the Word of God was hidden in monasteries and in a language not known to the people. Then the reformation came and along came doctrines of men and creeds.

One of the most dangerous habits that a Christian can have is treating the Bible as though it were an ordinary book. There is a great purpose for God to give us His Word, and it is self revealing. **John 15:5** (Wuest) "If you maintain a living communion with me and my words are at home in you, I command you to ask, at once, something for yourself, whatever your heart desires, and it will become yours."

In this **8 CD series**, Dr. Hohman unfolds the treasures of the Word of God for your life. You will learn that there is no comparison: the Bible is the best guide, and the believer's life is the best guided by it. Don't be deprived of the Bible's rich blessings. Read it daily. Study it often. If we deprive ourselves of the Bible we deprive ourselves of the best that there is for our lives.

When we pick up the Bible, it would be good to remember that it is the BOOK with God and Life in it.
