

## Cover

Our locking spa cover provides several important features. The cover has 4 secure locks with a key - this means that the customer has control over who uses their spa. The cover is well insulated, making it exceptional at holding in heat, and lowering the heating cost of the entire spa.

- Vinyl is especially formulated for Spa Covers
- Mildew resistant
- UV Stabilized for 1000 hours on weatherometer
- Chlorine and bromine resistant
- 100% nylon zippers
- Handles, straps and hinges are reinforced with extra material
- Manufactured with 6" - 4" tapered insulation, which is up to 45.8% more insulate than other manufacturers
- Reinforced with aluminum "C" channel
- Panels are made of fiber reinforced plastic - polystyrene that has been laminated with fiber reinforced plastic sheeting for both strength and to provide a protective layer against water absorption
- Manufactured in Athens, TN

4 child resistant locking mechanisms, securely fasten to each corner of the spa, providing that extra peace of mind.

Double sewn, molded rubber hand grips gives you superior durability and an extra level of comfort.

Sealed interior hexene poly bag protects inner foam core by reducing sweating and moisture

12" Insulated heat bags helps to eliminate heat loss between the cover fold when spa is not in use.
