GLOBAL WAR ON TERROR PURPLE HEART MEMORIAL BRIDGE

ABOUT THE BRIDGE

The GWOT Purple Heart Memorial Bridge pays tribute to all New Jersey heroes who lost their lives while fighting the Global War on Terror. The American Flag, symbolic of the freedom each fallen hero gave their lives to protect is respectfully seated in the middle of the bridge. 14 bollards representative of the 14th Amendment of the U.S. Constitution delineates its perimeter. To date, there are 172 custom medallion pavers honoring those who gave all...

ABOUT THE PAVERS

The 6" x 6" medallion pavers display the name, rank, branch of service and date of sacrifice of each fallen hero. They are privately funded by patriots who believe that every fallen hero should be forever remembered and honored for their selfless service. The GWOT Purple Heart Bridge is updated annually and plays an integral role in our annual Memorial Day Ceremony.
