

# Ad Rates for std ebook + free listing on site

Would you like to promote your products and services in this preparedness and first aid PDF ebook?

Fedheath offers affordable ad options and sizes that can appear in **both** our 67+ page **FREE** portion of *IT'S A DISASTER!* and each full 288-page PDF standard version sold, as well as on our [Preparedness Products and Services page](#) on our site.

We prefer advertisers with products and services associated with preparedness (food, water, kits, gear, tools, etc.); first aid; safety; security; pet services; cyber solutions; cellular, radio and other communications tools; home improvement; off-grid solutions; business continuity and more.

And if you have an affiliate program, let us know which Marketing system you are part of since we can share your banners and links at no charge on our site (whether you advertise in ebook or not!)

The previous 5 pages show several ad examples and our quarterly rates are...
