

Introducing Junior Team Nick Corsberg and Scottie Cera!

Watch out dog show world! Florida's very own "dynamic duo" – young handler Nick Corsberg and his Scottie pup Brookstone's Serenity Firefly ("Cera")- are coming to a show near you soon!

Nick received Cera for his eighth birthday. He had originally asked for his Scottie on his 7th birthday but, to earn his pup, he did dog chores for a year- including feeding both of the family's resident Scotties (Bunny and Catie), taking them for walks and playing with them, and tidying up after them. Through his hard work Nick proved he could be responsible enough to take care of a Scottie, and he received Cera shortly after his eighth birthday.

Born on November 21, 2015 Brookstone's Serenity Firefly (GCH SaboGlen Lochraven She's Got Me Under Her Spell x GCH Brookstone's All Eyes on Me CA RATN) was bred by STCTB member and director Jene Anderson of Ocala, Florida. Many of you will recall that we met Nick, his family and Cera, at our STCTB Spring Fling in March. It was obvious they were enamored with each other from the start, and Nick's Mom Christine reports that Nick has earned Cera's respect and love.

Nick was anxious to show Cera, and receives ongoing encouragement and help from Jene and Sheila-Faith Barry. He is also taking dog handling classes in Gainesville with Arvind DeBraganca and grooming lessons in Ocala from Sheila- Faith, and Jene, as well as from Christine Martin in Alachua. They made their show ring debut this summer and have been a very successful team. To date Nick has put 2 points on Cera and at the West Volusia Kennel Club show in

September they won Owner Handled Best of Breed and competed for the first time in Best of Show! When asked about them Jene said "I am so proud of the job this young man is doing with his pup. And Cera just adores her own little boy. The duo will be hard to beat in a few more months. Scottish Terriers just may have a bright future if there are more teams like this in the dog world!" Nick and Cera are hard at work preparing for the STCTB Specialty in December 2016 and the Atlanta Specialty in April 2017.

Nick just completed the second grade at Lawton Chiles Elementary in Gainesville, FL. He lives in Archer, FL with his mom, Christine, dad, Jason, big brother, Alex, and the family's three Scottish Terriers. He is in the gifted program and finished the school year with straight A's. Nick's hobbies include: Scotties, fishing with his Dad, playing the video game Minecraft, building with Legos, riding his bike, and playing with his friends. He enjoys meeting with his Cub Scout pack with his Dad and recently obtained his Wolf rank. Nick is a voracious reader, usually reading several novels at a time. He is currently interested in the Michael Vey book series, the Rush Revere series, Redwall, and Jack London stories.

Good luck Nick and Cera!
