Piece by Piece

If you look closely around the halls of Sunset Home, you'll notice the framed art is a little different. That's because there are over 34 framed puzzles done by Dean Hardaway. They come in all shapes, sizes and themes. Down the hallway to his apartment, wildlife puzzles can be found on the walls. Dean recently began working on one of four puzzles he received from a relative in Washington. After he completes a puzzle, staff member, Kari Champlin, helps him glue and frame the puzzles.
