

PUBLIC NOTICE

Fruitland Special Service District

Application for USDA Rural Development (RD) Funding

Project Overview:

The Fruitland Special Service District is seeking critical funding through a USDA RD grant to cover the costs of an urgent project required by the Division of Drinking Water. This project is necessary to treat water from our springs and ensure the safety and quality of drinking water for our customers. Without this funding, we cannot move forward with utilizing the water from the re-developed Upper Mill Hollow Spring.

Public Meetings for Comment:

We invite the public to participate in the following meetings to provide input and ask questions about this vital project:

- **October 10, 2024**
 - **November 14, 2024**
-

Location:

Fruitland Special Service District Office
6186 S 45000 W, Fruitland Utah 84027
3:00pm
