Kraków lies in southern Poland near the border of the Czech Republic. The city is centered around the expansive Rynek Główny (market square) dating back to the 14th century. The population is just over 765,000 and is one of the oldest cities in Poland, dating back to the 7th century.

Today, professional members of the group will continue the professional exchange. Meetings will be requested with the **U.S. Consulate General**, a **local law firm** such as Dudkowiak, Kopec and Putyra and/or law faculty at **Jagiellonian University Kraków**. The university is the oldest higher education institution in Poland and one of the oldest in Europe. It was founded on May 12, 1364 by the Polish king Casimir the Great. The Jubilee year 2014 marked the 650th anniversary of this remarkable event. Today, the school comprises 16 faculties, where nearly four thousand academic staff conduct research and provide education to over 40,000 students, within the framework of more than 80 different fields of study.

Guest program:

After breakfast, accompanying guests will visit three branches of the Historical Museum of the City of Kraków which include Ulica Pomorska (Pomorska Street), Apteka pod Orlem (Eagle Pharmacy) and Fabryka Schindlera (Oskar Schindler's Factory). The permanent exhibition of Pomorska Street is a story about the similarities between the two totalitarian systems: Nazi and Communist. During the war, Pomorska Street was the headquarters of the Gestapo, with just the words 'Pomorska Street' striking terror and fear in the citizens of the city. The exhibition in the Eagle Pharmacy is dedicated to the annihilation of the Kraków Jews. The Eagle Pharmacy was the only pharmacy, functioning in the Ghetto during World War II, and its owner was the only non-Jewish Pole, who had the right for permanent residence within the Ghetto. Explore the exhibitions and enjoy the remainder of the day free to explore independently.

Lunch will be provided at a local restaurant today with dinner on your own arrangement.
