SECTION 8. ELECTRONIC DEVICES, CELLULAR PHONES, BEEPERS and DISTANCE MEASURING DEVICES

- A. A player may obtain distance information by using a device that measures distance only. However, if during a stipulated round, a player uses a distance-measuring device that is designed to gauge or measure other conditions that might affect her play (e.g., gradient, wind-speed, temperature, etc.), the player is in breach of Rule 14-3, for which the penalty is Disqualification, regardless of whether any such additional functions are actually used. Any device measuring slope, wind condition or any other condition is disallowed even when those aids are disengaged.
- B. The use of an electronic device (such cellular phone, pager, hand-held computer, calculator, TV or radio) on the competition course is not itself a breach of Rule 14-3. However, players should ensure any device taken onto the course does not distract other players.
- C. The following uses for a cellular phone during a stipulated round are not a breach of Rule 14-3:
 - 1. Using a phone for matters unrelated to golf (e.g., calling home);
 - 2. Accessing information on advice related matters published prior to the start of the player's round (e.g., yardage book, swing tips);
 - 3. Obtaining information related to the competition being played (e.g., leader board, projected cut).
- D. The following uses for cellular phones during a stipulated round **are a breach** of Rule 8-1 and will result in Disqualification:
 - 1. Using a phone to ask for or give advice is breach of Rule 8-1 (e.g., calling a swing coach);
- E. Accessing information on advice-related matters not published prior to the start of the round.
- F. If the use of a cellular phone consistently disregards the etiquette guidelines (outlined in the Rules of Golf), the offending player will be issued a warning. If the player repeatedly distracts or offends an opponent or fellow competitor by using a cellular phone, the player will be **disqualified** under Rule 33-7.

SECTION 9. PACE OF PLAY

- A. Rule 6-7 states in part: "The player shall play without undue delay and in accordance with any pace of play guidelines which may be laid down by the Committee," and thereafter prescribes penalties for slow play.

- B. In the interest of all, the pace of play shall be reasonable and shall be set by the Tournament Committee with due regard to the course conditions, length, slope, rating and the number of players in each group.
- C. Definition of "Out of position" guidelines:
1. The first group to start will be considered out of position if, at any time during the round, the group is behind the allotted time to play as listed on the Pace of Play Time Chart.
 2. Any following group will be considered out of position if it:
 - a. Is taking more than the allotted time to play, **and**
 - b. Reaches the teeing ground of a par 3 hole and the preceding group has cleared the next tee; reaches the teeing ground of a par 4 hole and the hole is open; or reaches the teeing ground of a par 5 hole when the preceding group is on the putting green. Except for the first group to start, **both** (a) and (b) must apply for a group to be out of position.
- D. Out of position consequences:
1. Groups out of position will be alerted and requested to play at a faster pace. Such groups will be monitored – the time each competitor takes to play a stroke.
 2. When a group is out of position, each player in the group is expected to play any stroke within 45 seconds after timing of a player's stroke begins. The timing of a player's stroke will begin when she has had reasonable opportunity to reach her ball, it is her turn to play, and she can play without interference or distraction. Time spent determining yardage will count as part of the time taken for the next stroke.
 3. On the putting green, the timing will begin after a player has been allowed a reasonable time to lift, clean and replace her ball, repair her ball mark and other ball marks on her line of putt and remove loose impediments on her line of putt. Time spent looking at the line from beyond the hole and/or behind the ball will count as part of the time taken for the next stroke.
 4. Timing will only be performed at the direction of the Tournament Director or the Official-in-Charge.
 5. Any player in a group being timed who exceeds the applicable time to play a stroke, will be advised as soon as possible. The following are the penalties, in sequence, for any player being timed who takes more than 45 seconds to play a stroke when it is her turn to play.
 - 1st timing of more than 45 seconds Warning
 - 2nd timing of more than 45 seconds One stroke
 - 3rd timing of more than 45 seconds Two strokes
 - 4th timing of more than 45 seconds Disqualification, if the committee deems there is an extreme case of abuse of the pace of play policy which warrants such action.
 6. If the group in question regains its proper position, any previous timing of more than the allotted time will be carried over for the remainder of that round in the event the group requires additional monitoring.
 7. If a ruling or some other legitimate delay occurs which causes the group in question to lose its position, that group is expected to regain its position within a reasonable time.

SECTION 10. PUBLICITY

- A. A detailed list of all winners must be submitted to the NNGA Executive Director no later than two days after the tournament.
