Canned foods to be judged on quality, general appearance and container. Use standard mason-type, clear quart/pint jars for preserving and exhibiting fruits, vegetables and meats. Use two-piece self-sealing lids (flat discs and metal screw bands) for sealing all jars of food. Metal screw bands may be loosely applied while transporting jars to and from the Fair to prevent damage; however, screw bands must be removed from jars before exhibiting entries. All food not in standard jars or not sealed with self-sealing lids will be disqualified by the judge.
