Educate

The world of firearms can be intimidating for a woman. The language, training styles and resources available to the new shooter are directed primarily toward men. Women are different and have needs that are unique to them. TAWW Shooting Chapters provides women a safe and comfortable environment for women to gather, learn, train and discuss issues important to women gun owners. Members meet monthly at their local Host Range.

Equip

Guest speakers offer their expertise on subjects such as self-defense, local gun laws, owning a gun with children in the home, concealed carry and more. Safety is the primary focus of the TAWW Chapter Program. The universal firearm safety rules are taught, applied, and adhered to at all times under the supervision of certified instructors and Range Safety Officers. Women 18 years and older who are legally eligible to own a firearm are invited to join. (Local laws may apply)
